

5 – 6 September 2018 | Kuala Lumpur, Malaysia

Notification of Acceptance

Dear Authors,

On behalf of the conference committee, I would like to thank you for your paper submission to CEAT 2018. It is my great pleasure to notify you that the review committee has recommended for your paper to be accepted and presented in CEAT 2018 from 5 - 6 September 2018, in Pullman Bangsar Hotel, Kuala Lumpur, Malaysia. Again, please ensure that all the comments given by the reviewers sent through your email earlier have been addressed accordingly.

Kindly read and follow the subsequent steps closely.

1. Paper Format

You should prepare a camera ready final manuscript, according to the guideline specified in **Manuscript Preparation Guidelines for Conference Papers**. The guideline is available in the conference website under **Author Information > CEAT** or can be downloaded from the link below:
(<http://ceat-icgsce.com/images/ceat/ManuscriptPreparationGuidelines.doc>).

Particularly, the authors should take note that:

- (i) All fonts within the PDF need to be 'embedded subset';
- (ii) There should be no embedded links or URLs in the pdf.

The final manuscript should be uploaded to EDAS together with the copyright form explained in the subsequent section by **31 July 2018**.

2. Copyrights

Your conference paper should be accompanied by a signed **Event Non Exclusive Publication Agreement**. The agreement/copyright form is available in the conference website under **Author Information > CEAT** or can be downloaded from the link below:
(http://ceat-icgsce.com/images/ceat/Events_Non-exclusive_Publication_Agreement.docx).

The completed form should be **uploaded to EDAS** together with the final manuscript. Failure to do so can result in your paper not being included in for publication by IET.

Unless the paper is either "United Kingdom Crown copyright" or "a work of the US Government and in the Public Domain", the Bylaws of the IET require that copyright should belong to the IET. An author submitting a paper should ensure that he or she has the right to publish the paper and that it contains nothing defamatory. The IET will assume that all co-authors have agreed to the submission of any paper received.

3. Registration

Each paper must have at least one presenting author registered by **31 July 2018**, to avoid the paper being withdrawn from the conference and conference publications.

The registration can be done manually by filling up and submitting the **CEAT 2018 Manual Registration Form**. The registration form is available in the conference website under **Author Information > CEAT** or can be downloaded from the link below:

(http://ceat-icgsce.com/images/ceat/CEAT2018_Manual_Registration_Form.pdf).

Alternatively, registration can also be done via EDAS (note that payment for EDAS registration will be based on the international rate, in USD).

There are various categories for the conference registration. Participants should carefully read and select the right category. IET/IEEE members should also update their membership status by clicking

5 – 6 September 2018 | Kuala Lumpur, Malaysia

'update your society membership' at the EDAS conference registration page, in order to enjoy member's fees.

All students and IET/IEEE members are also required to produce the relevant proofs at the registration booth on the conference date.

Registration for non-presenting authors

Non-presenting authors can also register for this conference manually by filling up and submitting the **CEAT 2018 Manual Registration Form**.

4. Presentation Guidelines

The paper presenter shall dress appropriately for the presentation session. Each paper presenter is given 15 minutes for oral presentation and 5 minutes for question and answer session. The paper presenters should time their presentation within this timeframe.

5. Conference Program
